Series D, Roll 1, 35 mm.

Series D consists of two rolls. Roll 1 contains principally materials divided by provinces, with an upper limit of 1935. Roll 2 continues the material with an upper limit of 1945.

Contents

This calendar consists of a calendar of personnel catalogues and reports, 1826-1857 (1); and correspondence of the Visitor of the Western Province (2A) and houses of that province (2B) and the Visitor of the Eastern Province (3A), houses of that province (3B), 1915-1935, and canonical visits, 1921-1933 (3C). The material was microfilmed from the originals in the Archives of the General Curia of the Congregation of the Mission, Rome; completed July 1984. Since the letters were not numbered in the filming, they are listed generally in chronological order. Total: 989 frames. (This roll was mistakenly designated "Roll 2" in *American Vincentians*.)

Series D, Roll 2

Contents

This calendar consists of microfilm copies of correspondence from the visitors (provincials) and houses of the Western and Eastern provinces in the United States, 1936-1945. The letters are distributed as follows: (1a) Western province, Visitors; (1b) Western province, houses; (2a) Eastern province, Visitors; (2b) Eastern province, houses. The material has been microfilmed from the originals in the Archives of the General Curia of the Congregation of the Mission, Rome; completed November 1995. Since the letters were not numbered in the filming, they are listed generally in chronological order.

Series E (Rolls 1-3)

Series E consists of three rolls of microfilm. They contain 20 volumes of materials, chiefly containing correspondence and spiritual writings of Felix De Andreis. In addition, Volume One contains correspondence and other documents from the earliest Vincentians in the United States, up to about 1840.

Originals in the archives of the Postulator General of the Congregation of the Mission, Rome, Italy; microfilm edition in three reels prepared July 1986.

This calendar summarizes only the letters, whether from De Andreis or others. The other manuscripts, by and about De Andreis, are simply noted and described.

[Note: Virtually all of the letters, after the death of De Andreis, were addressed to Francesco Antonio Baccari, the vicar general of the Congregation; many are missing the addressee.]

Series F, roll 1

Series F contains the papers of John Timon, first provincial of the American Province of the Congregation of the Mission, dating from the time before he became bishop of Buffalo, 1847. The items are basically in chronological order. The enumeration follows the order of the microfilmed items prepared at the Archives of the University of Notre Dame. All of the materials were either John Timon's or could easily have come into Timon's possession.

ROLL TWO, 433 numbered items (some duplication of numbers), generally from 1836 to 1840.
